About Me

Ever since taking lessons as an elementary student, I have played the piano-even accompanied the Sunday School as a teenager. When my first daughter was only 6 I would drive 45 miles (one way) for her weekly lessons! I helped my younger daughters with their violin lessons, and taught beginning piano to two nephews, three grandchildren and three step-grandchildren.

Last year I performed Widor's "Toccata" on the organ after practicing it for 2-1/2 years. Every day I play something before leaving the house in the morning. I love music and I love kids!

My Favorites

- Classical music on the radio
- NY Times "Spelling Bee" daily puzzle
- Reiki (healing energy)
