About Me

I'm excited to be an instructor for the Summer Community Education Program I wanted to take a moment to introduce myself and share a little about my background and interests.

I graduated from Arizona State University with a degree in Music, with piano as my primary instrument. Music has always been an important part of my life, and I've enjoyed both playing piano in my free time and teaching young family members over the years. I appreciate many styles of music, ranging from classical to rock, with some of my favorite songs coming from the 1970s and 1980s.

For the past 24 years, I have worked in elementary schools as a Behavior Specialist within Special Education, first in the Beresford School District and currently in the Harrisburg School District. Supporting students and helping them grow has been a very rewarding part of my career.

My Favorites

- My two sons-Devon & Noah
- My dog- Abbie
- Music in all forms!
