Kathleen Buse

About Me

Kathleen loves working with students of all ages and has taught private piano lessons for 25 years! Her strengths include tailoring lessons to individual students with unique personalities and learning styles.

Students will learn to read music, develop proper techniques, understand music theory and be encouraged to practice regularly so they can celebrate their individual achievements. Kathleen believes music lessons are a great tool for developing confidence, improving self discipline and inspiring personal growth!

My Favorites

- Coffee
- Dark chocolate
- A great book!
